Memories . . .
light the corners
of my mind

Misty water colored memories
of the way we were.

Scattered pictures . . . of smiles

We left
behind

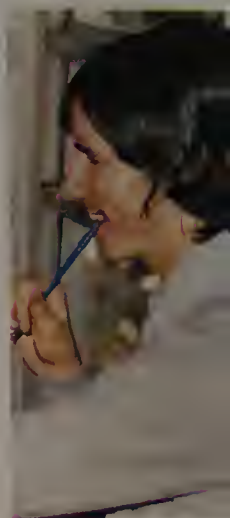

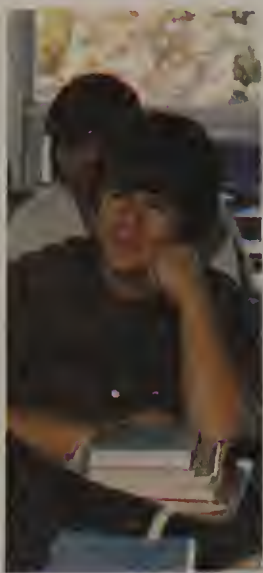

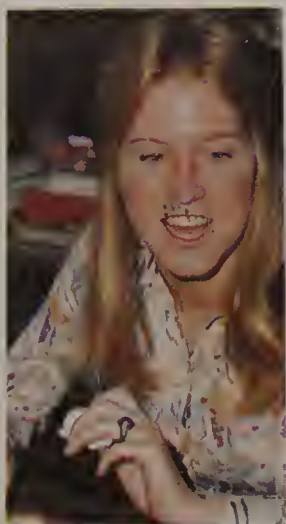

Smiles . . . we gave to one
another

For . . .

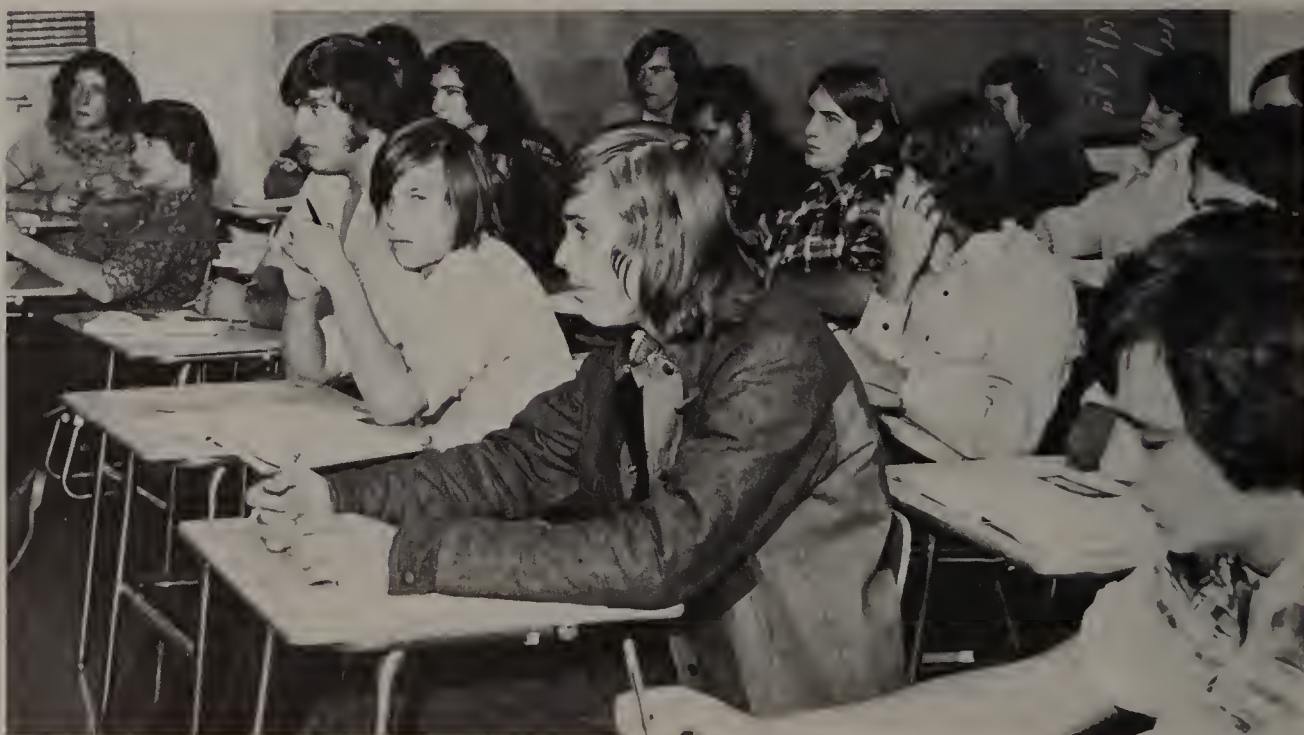

THE WAY WE WERE

Can it be that it was all
so simple then or has time
rewritten every line . . .

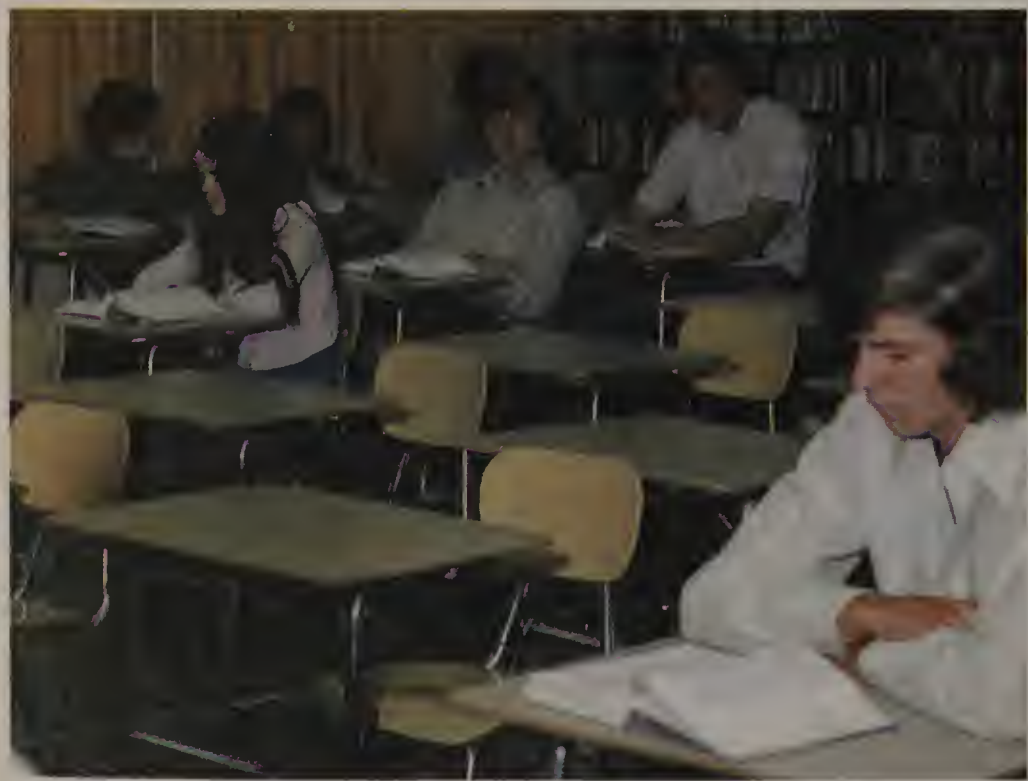

If we had the chance to do
it all again tell me . . .

Would we . . .

Could we?

Memories may be beautiful

and yet . . .

What's too painful to remember

We simply choose to forget . . .

So it's the laughter we will remember
Whenever we remember . . .
THE WAY WE WERE

Mr. Denis Golden

Dedication

Dedication is a word whose meaning can best be understood through the example and application of people we most admire. At Woburn High School, we are most fortunate to find, in our midst a friend and a teacher who well exemplifies such dedication to his profession.

Whether in the classroom, the corridor, the cafeteria, or on "the common," this individual remains ready to instruct and influence all with whom he comes in contact. His classes are noted for being both entertaining and informative. His overall interest in and concern for his students have earned him the reputation of true friend and mentor. Nothing is too "trivial" to merit his attention.

Even tempered and optimistic, this man has taught us to accept challenge and pursue knowledge while never losing sight of reality nor sense of humor.

We shall always be grateful to him for enhancing the "golden" years of our youth. We most appropriately and appreciatively dedicate this 1976 issue of the INNITOU to our talented friend, MR. DENIS GOLDEN.

Administration and Faculty

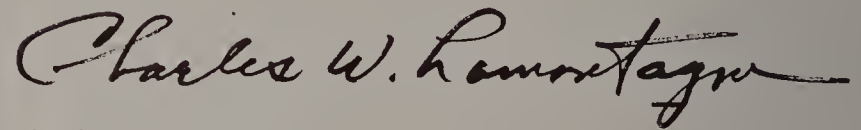

Superintendent's Message

To the Graduates of the Class of 1976

During your years of public school life, you have had opportunity to share in many experiences — in the classroom, school activities, sports, clubs, music, drama and many others. All these memorable events, along with the help, interest, and encouragement of your parents and your church have aided in the development of your individual potential. The challenge of the future in our democratic society always will demand the fullest effort of each of us as citizens, so that we may preserve those fundamental values which make us a country of great spirit, and to effect those changes which make us a nation of understanding and leadership.

Good luck and best wishes to each of you.

Sincerely,

Charles W. Lamontagne

Principal's Message

To Members of the Class of 1976

As members of the Class of 1976 of the Woburn Senior High School, you are graduating in the year of the Bicentennial observance of the establishment of our country as a free and independent nation.

It is fitting then that we reflect briefly on the contribution that our schools have made to our cherished freedom.

It is in our schools that America has put its faith. Free public education, uncluttered by applications, exclusions, machinations or fees, where the doors stand open for everyone has provided an enlightened citizenry. From chaos and wide geographical diversity our schools have created national unity.

Our schools have fostered the Americanization of the millions of immigrants who have sought the Promised Land in each decade from 1840 — an unparalleled movement in history.

Our schools have provided the same educational processes and discipline to all. It never succumbed to the evil forces and meretricious appeal of Fascism or Communism.

May the "Spirit of 76" engendered in the early days of the republic be renewed on the Eve of our Bicentennial by the spirit of the members of the Class of 1976, who have had the advantages of free public education in our community.

A Tribute to Mr. James F. Brennan on His Retirement From the Class of 1976

"JIM BRENNAN"

Listen my classmates and you shall hear
of the tall, broad man who ran through here
he ran with ease throughout these halls.
everyone hid when he bellowed his calls
His eyes fell upon my red, hot face
after I tried so hard to win our race
but tall and unbeaten stood "Big Jim B."
clutching a collar which belonged to me
I couldn't help but to let out a smirk
When "Big Jim Brennan" gave me a jerk
I'm one in a million caught by he
the tall gray man called "Big Jim B."
We must give him credit for what he's done
in the so many years he's been the one
whose call "HEY YOU! Get Over Here!!!"
would ring throughout these halls each year
Well the time has come for us to see
the departing shadow of "Big Jim B."
he's one in a million we all shall miss
farewell . . .

. . . From the Class of '76

Super Bowl
Testimonials
James J. Connolly
Stadium
Caruso's Diplomat
Saugus

The Super Bowl has come and gone
A champion has been found
Ta our great jay and happiness
It's Woburn that has been crowned
Fram all the teams in Eastern Mass
the Tanners rate the highest
With this we know we speak the truth
without a bit of bias
We've watched them win, game after game
throughout the entire fall
Every match within the league
we saw them canquer all
And as the seasan progressed
and the number of victories grew
The coaches' plans and hopes and dreams
were really coming true
A super bowl invitation
was surely on its way
For Woburn to be represented
on "SUPER SATURDAY"
With all the pre-game build up
we read in the Boston press
The writers forgot where Woburn was
at least that's what I guess
North Quincy seemed to get all the ink
that was published before that day
The most that we could hope for
was to be honored just to play
But when the game was over
and the seasan finally through
the standings were corrected
North Quincy was number two
What this means is plain, of course
to everyone concerned
North Quincy chase to play with fire
and ended up WOBURNED!!!

"If"

by Rudyard Kipling

If you can keep your head when all about you are
losing theirs and blaming it on you.

If you can trust yourself when all men doubt you
And make allowance for their doubting too.

If you can dream and not make dreams your master,
If you can think and not make thoughts your aim,
If you can meet with triumph and disaster and treat
those two imposters just the same.

If you can wait and not be tired by waiting,
or being lied about, don't deal in lies.
Or being hated, don't give way to hating,
And yet don't look too good or talk too wise.

If you can stand to hear the truth you've spoken,
Twisted by knaves to make a trap for fools.
Or watch the things you've gave your life to — broken,
And stoop, and build them up with worn out tools.

If you can talk with crowds and keep your virtue,
Or walk with kings nor lose the common touch,
If neither foes nor loving friends can hurt you.
If all men count with you, but none too much.

If you can fill the unforgiving minute,
with sixty seconds worth of distance run.
Yours is the earth and everything that's in it,
And, what's more, you'll be a man, my son.

Reserve your job for fall now.

With the Army's Delayed Entry Program, you can come down now and pick the job you want. And if you qualify, we'll hold it for you—for up to 270 days, depending on the job you choose.

Then you can relax and enjoy the summer without worrying about what you'll be doing when it's over.

When you do come in the Army, you'll also have a salary of \$000 a month before deductions waiting for you. Plus free meals, housing, health care and 30 days paid vacation. And if you'd like to try college while you're in, we'll pay up to 75% of your tuition for you.
